

Divine College of Pharmacy, Siwan, Bihar

**Date** : 29<sup>th</sup> June, 2024  
**Name of activity** : Environment Awareness Session  
**Time** : 2:00 p.m. to 4:00 p.m.  
**Venue** : Seminar Hall, DCOP  
**No of attendees** : More than 50

Brief objective of event: An Environment Awareness Session was organized by Divine College of Pharmacy under the esteemed headship of our honorable Principal Sir. This session aimed to foster a sense of environmental responsibility among students and to engage them in critical discussions about pressing environmental issues. The session included group discussions on three significant topics, with students actively participating and showcasing their knowledge and perspectives.

The session was structured to encourage active participation and thoughtful discourse. Three groups of students were formed, and each group was assigned a specific topic. The topics for the group discussions were:

- 1) Adapting to Water Scarcity: Global Perspectives
- 2) Plastic Pollution: Impact & Solution
- 3) The Future of Forests: Re-forestation & Conservation Strategies

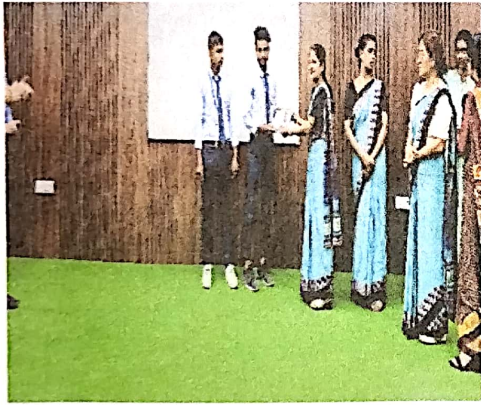

At the end of the group discussions, the participants were appreciated for their active involvement and insightful contributions. The winning team was recognized for their outstanding performance and depth of understanding on the topic of "The Future of Forests: Re-forestation & Conservation Strategies". They were awarded certificates of appreciation and small tokens of recognition by the Principal Sir.
