

Divine College of Pharmacy, Siwan, Bihar

Date : 27th June, 2024
Name of activity : HIV Testing Day
Time : 3:00 p.m. to 4:00 p.m.
Venue : Seminar Hall, DCOP
No of attendees : More than 50

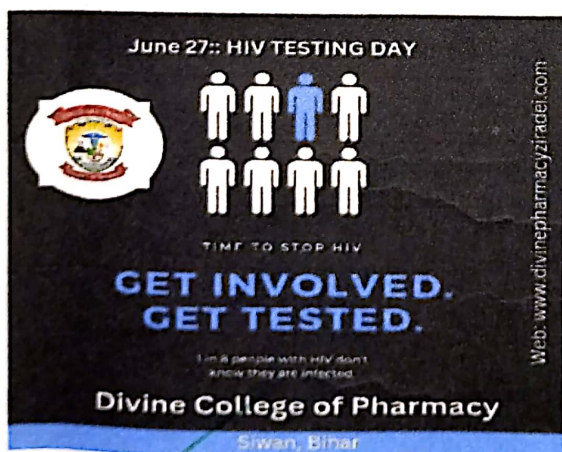

Brief objective of event: Divine College of Pharmacy hosted a significant event to commemorate World HIV Testing Day. The highlight of the day was a compelling scientific talk delivered by Mr. Piyush Vatsha. The event aimed to raise awareness about the importance of HIV testing and to educate students and faculty on the latest advancements in HIV prevention and treatment.

Mr. Vatsha's talk was both informative and inspiring, covering several critical aspects of HIV testing and the broader implications for public health. Some of the key points discussed were Importance of Early HIV Testing, Advancements in HIV Testing Technologies, Global Statistics and Trends, Stigma and Barriers to Testing, Government Policies and Initiatives and Future Directions in HIV Research.

The scientific talk by Mr. Piyush Vatsha on World HIV Testing Day was a resounding success. It not only provided valuable information but also inspired attendees to contribute to the fight against HIV. Divine College of Pharmacy's initiative in organizing this event underscores its commitment to public health education and community service.
